What is a co-facilitator?

A **facilitator** is someone who helps people to do something.

Facilitate means making something easier.

In training the **facilitator** helps people learn.

A **co-facilitator** helps the trainer to run the training.

Co means with or together.

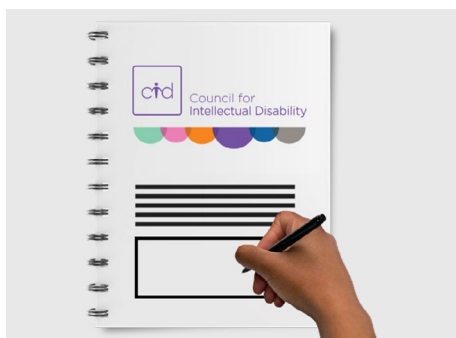

About this book

This book was made by the Council for Intellectual Disability.

This book can help you get ready to run training.

This book talks about what is in the training.

You can add your own notes too.

It is important to work on this book with someone else.

You can talk about what is in it.

You can work with your co-facilitator.

Or you can work with someone else.

If you have questions ask your co-facilitator.
